Buildhubb, Lagos, Nigeria

Product Designer. August 2023 – July 2024

- Currently working with a team of product managers, developers and designers on a product, **Tradeet** which is set to launch very soon..

COC Consult, Croatia

UI/UX Designer,Intern . April 2024 – July 2024

- Carried out research, redesign and currently building a strong portfolio of projects with the team.

COC Consult, Croatia

UI/UX Designer, Full- time role . April 2024 – July 2024

- Designed and implemented intuitive data-driven dashboards for real-time monitoring and analysis, enhancing decision-making and process efficiency.

- Collaborated with cross-functional teams to build user-friendly interfaces for complex systems, incorporating features such as search filters, part detail displays, and shape finders.

- Integrated advanced UI/UX design principles to improve dashboard navigation, part detail viewing, and user interaction for technical and non-technical users.

- Managed confidential and non-public client projects, delivering high-quality, scalable solutions tailored to business needs.

- Utilized tools like Figma and other prototyping platforms for creating detailed design prototypes, collaborating closely with stakeholders to meet project goals.
